The Via is an inner pilgrimage and journey of illumination. You will experience the nine gates or rites of passage of the medicine way during visits to ancient ceremonial sites of the Inka including Machu Picchu. For the Via we have invited the finest medicine men and women to accompany us in a 12 day journey of prayer and transformation.

In thousand year old Inka temples you will experience the ancient rites of passage that cleanse, protect, heal, and awaken the potentials of your luminous energy field (LEF). This is the fulfillment of the prophecies of the Americas where we pollinate within us the fullest of our human capabilities.
