# SOUL RETRIEVAL: THE JOURNEY OF TRANSFORMATION

An Evening Lecture by Victoria Johnson  
Senior Staff, Healing The Light Body School

In this evening lecture you will be introduced to ancient practices for recovering the Essential Self—the integral aspects of oneself that have been lost over time due to pain or trauma. The shamanic practice of Soul Retrieval offers a practical and revolutionary way to discover the source of original wounding that may have occurred during childhood or in a former lifetime that has derailed our personal destiny.

Discover how a soul contract, made over time, keeps us from fully experiencing life. By uncovering and re-writing old soul contracts that have ceased to serve us, we can step back into grace with our true nature and the world around us—walking through life content, with a renewed sense of purpose.
