

# THE SHAMAN'S WAY OF HEALING WORKING WITH THE SACRED

A full day workshop taught by Linda Fitch  
Dean of the Healing The Light Body School

In this experiential workshop Linda Fitch, Dean of the Healing The Light Body School, will introduce the four core practices of Shamanic Energy Medicine. Linda will weave these ancient healing practices with a focus on the level of the Sacred.

This is an incredible opportunity to experience the larger archetypal patterns that stop us and our loved ones from moving forward in life.

You will experience tangible tools of Shamanic Energy medicine, as taught in the Healing the Light Body School. These tools enable you to dream and live in your highest possible destiny, they include:

- Mythic Mapping to uncover the patterns that keep us from moving forward in life
- The Illumination process that will help clear the imprints of these patterns
- The Extraction process to clear the toxic energies that are embedded in the luminous energy field.
- Soul-retrieval work to recover the essential self.
- Honoring and releasing archetypal patterns through Ceremony.
